

# Mono Ski

Traveling across ski slopes all over the globe, Nissin's racing and specialist models have evolved alongside skiers. They effectively translate the rider's mental strength and focus into a speedy performance. Thanks to its advanced link system and shock absorber balance, this feature is made possible.

Chair Ski-Basic Advance  
\$8,500

Consistent skiing for a variety of chair skiers. This is a widely used system that is supported by numerous sources. Has lift-up lock mechanism. Seat bucket and ski base not provided.
